

G.B. & N.I. FIELD ARCHERY TEAM SELECTION CRITERIA
for the
WORLD ARCHERY 3D FIELD ARCHERY CHAMPIONSHIPS
in
Robion, France, 19th– 24th September 2017

Archers wishing to be considered for the Great Britain 3D Field Teams for 2017 will be required to compete in a two day selection shoot at Pentref Bowmen's Glynconnel Archery Centre on 8/9th April 2017.

Archers gaining individual medals in the previous year's 3D international championships will automatically be considered for selection in 2017, provided they remain active archers.

Archers approaching, equalling or exceeding the selection score levels will be *considered* for selection: selection is not automatic.

THE FOLLOWING SCORE LEVELS WILL BE USED BY THE SELECTORS:

Ladies Barebow - two day selection shoot score: 630

Gents barebow - two day selection shoot score: 800

Ladies compound - two day selection shoot score: 835

Gents compound - two day selection shoot score: 940

Ladies longbow - two day selection shoot score: 445

Gents longbow - two day selection shoot score: 645

Ladies instinctive - two day selection shoot score: 550

Gents instinctive - two day selection shoot score: 710

Junior archers wishing to be considered must meet the adult qualifying criteria.

In the event that no archers reach the qualifying standard in a particular discipline or division, the selectors may offer a place to the highest placed archer in that discipline in order to ensure team representation. This will be at the discretion of the selectors.

Archers selected for the Team will be notified by AGB Performance in the week following the selection meeting on the Sunday of the selection shoot.

With funding limited, archers are advised that funding of places is most unlikely. All archers accepting places are advised that they should ensure funding is in place a minimum of six weeks before the start of the Championships.
